

## 4" LED Stop/Tail/Turn Signal Lamp with Reflex Flange

**Part Number: VSM4468RF** (12-Piece, Bulk Pack) / **VSM4468RFD** (Single Piece, Retail Packaging)

Vehicle Safety Manufacturing is pleased to introduce its all-new flush-mount **4468RF** 4-inch Stop/Tail/Turn Signal lamp with built-in Reflex Flange. This 10-diode lamp includes an industry-standard 3-prong, dual contact connector and three hole mounting pattern. The lamp's flush-mount design protects the lens against breakage while the reflective ring attracts other driver's attention to the vehicle even when the lamp's diodes are not illuminated. This lamp is in stock and available for immediate shipment.
